

Telemedicine Services

Offering a new front door to healthcare in Canada.

Telemedicine Services offers convenient access to quality healthcare when and where members need it most.

Members can visit with a certified physician by phone or video for a broad array of episodic healthcare issues. During the visit, they can receive a diagnosis, treatment recommendation, and even be prescribed medicine when necessary.

With Telemedicine Services, members can stop waiting for care and get back to feeling better, faster. And clients benefit by seeing an increase in productivity and a decrease in absenteeism.

Convenience

Members have 24/7 access to Teladoc by phone or app wherever they are located.

Greater access

Visits happen within an hour of contact, so members can get the care they need when they need it, without the long wait.

Clinical quality

Each doctor is board-certified by the College of Family Physicians of Canada to ensure the highest standards of quality.

84%

of Canadians believe employers have a responsibility to support their employees' health.¹

\$2.7B

lost by employers per year due to family-related health issues.²

50%

of Canadians are not able to schedule a doctor's appointment on the same or next day.³
